

Seven-Day Reliability Check

A one-week follow-up to close open admission items and identify recurring discrepancies.

- ☐ Every unresolved admission item is closed or has a current owner and due date.
- ☐ Medication orders, record, pharmacy supply, and known changes remain consistent.
- ☐ Diet and texture requirements are reflected in the meal currently served.
- ☐ Weight, intake, elimination, mobility, cognition, skin, and behavior concerns have been recognized when applicable.
- ☐ Follow-up appointments, laboratory work, therapy, and transportation are scheduled.
- ☐ Facility has communicated material changes to the authorized representative.
- ☐ Any recurring discrepancy has been escalated beyond a one-time correction.
